removed.txt

Thanks Linda for all the messages and the revised documents. We are planning to complete our review of the documents for the Southern property first. Then will move on to the Northern Area. Will inform soon.

Thanks

Subject: RE: Pechiney - Draft LUC Southern Property and Soil Management Plan (Part 2 of 3)

To facilitate the technical review, the redline PDF version of the Soil Management Plan text is attached.
Thank you, Linda.

Chand and Nathan,
Attached is the Soil Management Plan and response to comments. Please note that Appendix A is a placeholder for the detailed survey information for the structures and underground warning barriers. The appendix was too large to send via email.
Thank you, Linda

Subject: Pechiney - Draft LUC Southern Property and Soil Management Plan (Part 1 of 3)

Hi Chand and Nathan,

Please find attached the revised land use covenant text for the South Property, which incorporates additional elements related to PCBs and other site-specific information. To facilitate the technical review, we have included a clean version of the text as a word file and a redline PDF version of the text. In addition to the text, attached are the draft exhibits A through D with placeholders for Exhibits E (data tables and sample location maps) and F (PCB required elements and the soil management plan). The draft LUC for the North Property will follow as a separate email.

The revised Soil Management Plan (SMP), which addresses comments provided by EPA and DTSC by email, along with a summary of the response to comments will be provided in a separate email due to the file sizes.

Once you all have reviewed the revised SMP, we should set up a call to discuss any additional comments and the overall timing/schedule for both documents.

Thank you, Linda
